

Boyd Gaming Reports First-Quarter 2017 Results; Company Reinstates Dividend, Reaffirms Share Repurchase Program

- **Double-Digit Gains in Revenues, Adjusted EBITDA, Income from Continuing Operations**
- **Adjusted EBITDA Margins Improve in Every Segment**
- **Las Vegas Locals Adjusted EBITDA Up for 8th Straight Quarter, Highest Since 2008**

LAS VEGAS, May 2, 2017 /[PRNewswire](#)/ -- Boyd Gaming Corporation (NYSE: BYD) today reported financial results for the first quarter ended March 31, 2017.

The Company announced that its Board of Directors has authorized the reinstatement of the Company's cash dividend program, with an initial quarterly payment of \$0.05 per share. The Board also reaffirmed the Company's existing share repurchase program, which has \$92 million remaining.

Keith Smith, President and Chief Executive Officer of Boyd Gaming, said: "Thanks to the continued strength of our operations, our successful acquisitions, and the significant progress we have made deleveraging our balance sheet, we are now able to reinstitute a program of returning capital to our shareholders. We believe a balanced approach of deleveraging, investment in organic growth projects, and opportunistic acquisitions – combined with the return of a portion of our free cash flow to shareholders – is the right strategy to maximize long-term shareholder value."

Commenting on first-quarter 2017 results, Smith said: "Positive trends continued throughout our operations during the first quarter. Every segment of our business recorded year-over-year margin improvements, as the large majority of our properties posted year-over-year Adjusted EBITDA growth. We were particularly encouraged by broad-based strength in our Las Vegas Locals segment, as all nine Locals properties achieved year-over-year EBITDA gains – including strong performances at our three recently acquired properties."

Boyd Gaming reported first-quarter 2017 net revenues of \$605.3 million, an increase of 9.6% from \$552.4 million in the year-ago quarter. Income from continuing operations, net of tax, for the first quarter was \$35.1 million, or \$0.31 per share, up from \$21.6 million, or \$0.19 per share, in the prior-year first quarter. The Company reported net income, including discontinued operations, of \$35.5 million, or \$0.31 per share, for the first quarter of 2017, compared to \$33.2 million, or \$0.29 per share, for the year-ago period. Results for the current year include the addition of the operations of Aliante, acquired by the Company on September 27, 2016, as well as Cannery and Eastside Cannery, acquired on December 20, 2016. Discontinued operations include income from the Company's interest in Borgata Hotel Casino & Spa, which was sold in the third quarter of 2016.

Total Adjusted EBITDA⁽¹⁾ was \$155.8 million, up 13.2% from \$137.7 million in the first quarter of 2016. Adjusted Earnings⁽¹⁾ for the first quarter 2017 were \$37.5 million, or \$0.32 per share, compared to Adjusted Earnings of \$25.5 million, or \$0.22 per share, for the same period in 2016. Adjusted EBITDA and Adjusted Earnings exclude discontinued operations.

Key Operations Review

Las Vegas Locals

In the Las Vegas Locals segment, first-quarter 2017 net revenues were \$219.8 million, up from \$158.4 million in the year-ago quarter. First-quarter 2017 Adjusted EBITDA rose to \$66.2 million, compared to \$44.3 million in the first quarter of 2016. First-quarter 2017 segment results include a full quarter of contributions from Aliante, Cannery and Eastside Cannery.

The Company's three newly acquired properties achieved 17% Adjusted EBITDA growth and a 385-basis-point margin improvement over their combined standalone first-quarter 2016 results. These properties performed in-line with the Company's expectations, as we continued to realize anticipated synergies.

Same-store Adjusted EBITDA grew at a double-digit rate on higher revenues, as same-store margins improved by more than 330 basis points. Stronger results were driven by ongoing refinements to marketing programs, enhanced profitability of non-gaming amenities, and continued strength in the southern Nevada economy.

Downtown Las Vegas

In the Downtown Las Vegas segment, net revenues were \$60.7 million in the first quarter of 2017, increasing from \$58.6 million in the year-ago period. Adjusted EBITDA was \$13.6 million, up from \$12.7 million in the first quarter of 2016.

Segment results reflect strengthening business volumes from the Company's Hawaiian customer base, as well as continued growth in pedestrian traffic throughout the Downtown Las Vegas market. Growth in the segment was led by strong revenue and Adjusted EBITDA gains at the California, as recent property renovations contributed to significant increases in visitation and business volumes.

Midwest and South

In the Midwest and South segment, net revenues were \$324.8 million, compared to \$335.4 million in the first quarter of 2016. Adjusted EBITDA was \$94.1 million, versus \$95.9 million in the year-ago period.

Adjusted EBITDA trends continued to stabilize despite revenue declines. Refinements to operations and marketing programs led to further improvements in operating margins in the segment.

Dividend and Share Repurchase

Boyd Gaming's Board of Directors declared a quarterly dividend of \$0.05 per share, to be paid July 15, 2017, to shareholders of record as of June 15, 2017.

The Board also reaffirmed the Company's existing share repurchase program, which has \$92 million remaining. The Company intends to make purchases of its common stock from time to time under this program.

Balance Sheet Statistics

As of March 31, 2017, Boyd Gaming had cash on hand of \$167.0 million, and total debt of \$3.26 billion.

Full Year 2017 Guidance

For the full year 2017, Boyd Gaming reaffirms its previously provided guidance of total Adjusted EBITDA of \$585 million to \$605 million.

Non-GAAP Financial Measures

Regulation G, "Conditions for Use of Non-GAAP Financial Measures," prescribes the conditions for use of non-GAAP financial information in public disclosures. We believe that our presentations of the following non-GAAP financial measures are important supplemental measures of operating performance to investors: earnings before interest, taxes, depreciation and amortization (EBITDA), Adjusted EBITDA, Adjusted Earnings and Adjusted Earnings Per Share (Adjusted EPS). The following discussion defines these terms and why we believe they are useful measures of our performance. We do not provide a reconciliation of forward-looking non-GAAP financial measures to the corresponding forward-looking GAAP measure due to our inability to project special charges and certain expenses.

EBITDA and Adjusted EBITDA

EBITDA is a commonly used measure of performance in our industry that we believe, when considered with measures calculated in accordance with accounting principles generally accepted in the United States ("GAAP"), provides our investors a more complete understanding of our operating results before the impact of investing and financing transactions and income taxes and facilitates comparisons between us and our competitors. Management has historically adjusted EBITDA when evaluating operating performance because we believe that the inclusion or exclusion of certain recurring and non-recurring items is necessary to provide a full understanding of our core operating results and as a means to evaluate period-to-period results. We refer to this measure as Adjusted EBITDA. We have chosen to provide this information to investors to enable them to perform comparisons of past, present and future operating results and as a means to evaluate the results of core on-going operations. We have historically reported this measure to our investors and believe that the continued inclusion of Adjusted EBITDA provides consistency in our financial reporting. We use Adjusted EBITDA in this press release because we believe it is useful to investors in allowing greater transparency related to a significant measure used by our management in their financial and operational decision-making. Adjusted EBITDA is among the more significant factors in management's internal evaluation of total company and individual property performance and in the evaluation of incentive compensation related to property management. Management also uses Adjusted EBITDA as a measure in the

evaluation of potential acquisitions and dispositions. Adjusted EBITDA is also used by management in the annual budget process. Externally, we believe these measures continue to be used by investors in their assessment of our operating performance and the valuation of our company. Adjusted EBITDA reflects EBITDA adjusted for deferred rent, share-based compensation expense, project development, preopening and writedown expenses, impairments of assets, loss on early extinguishments and modifications of debt and other operating items, net.

Adjusted Earnings and Adjusted EPS

Adjusted Earnings is net income (loss) before project development, preopening and writedown expenses, impairments of assets, other items, net, gain or loss on early extinguishments and modifications of debt, other non-recurring adjustments, net, and income from discontinued operations, net of tax. Adjusted Earnings and Adjusted EPS are presented solely as supplemental disclosures because management believes that they are widely used measures of performance in the gaming industry.

Limitations on the Use of Non-GAAP Measures

The use of EBITDA, Adjusted EBITDA, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures has certain limitations. Our presentation of EBITDA, Adjusted EBITDA, Adjusted Earnings, Adjusted EPS or certain other non-GAAP financial measures may be different from the presentation used by other companies and therefore comparability may be limited. Depreciation and amortization expense, interest expense, income taxes and other items have been and will be incurred and are not reflected in the presentation of EBITDA or Adjusted EBITDA. Each of these items should also be considered in the overall evaluation of our results. Additionally, EBITDA and Adjusted EBITDA do not consider capital expenditures and other investing activities and should not be considered as a measure of our liquidity. We compensate for these limitations by providing the relevant disclosure of our depreciation and amortization, interest and income taxes, capital expenditures and other items both in our reconciliations to the historical GAAP financial measures and in our consolidated financial statements, all of which should be considered when evaluating our performance.

EBITDA, Adjusted EBITDA, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures are used in addition to and in conjunction with results presented in accordance with GAAP. EBITDA, Adjusted EBITDA, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures should not be considered as an alternative to net income, operating income, or any other operating performance measure prescribed by GAAP, nor should these measures be relied upon to the exclusion of GAAP financial measures. EBITDA, Adjusted EBITDA, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures reflect additional ways of viewing our operations that we believe, when viewed with our GAAP results and the reconciliations to the corresponding historical GAAP financial measures, provide a more complete understanding of factors and trends affecting our business than could be obtained absent this disclosure. Management strongly encourages investors to review our financial information in its entirety and not to rely on a single financial measure.

Forward-looking Statements and Company Information

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements contain words such as "may," "will," "might," "expect," "believe," "anticipate," "could," "would," "estimate," "continue," "pursue," or the negative thereof or comparable terminology, and may include (without limitation) information regarding the Company's expectations, goals or intentions regarding future performance. In addition, forward-looking statements in this press release include statements regarding: the Company's balanced approach of deleveraging, investment in organic growth projects and acquisitions, as well as the return of a portion of free cash flow to the Company's shareholders, strategy for maximizing long-

term shareholder value, ongoing refinements to marketing programs, enhanced profitability of non-gaming amenities and continued strength in the southern Nevada economy, strengthening business volumes from the Company's Hawaiian customer base, stabilizing trends, the reinstatement of a quarterly cash dividend and share repurchases, the amount of the cash dividend and the amount of shares to be repurchased, and all of the statements under the heading "Full-Year 2017 Guidance."
