LAS VEGAS, Feb. 20, 2020 /PRNewswire/ -- Boyd Gaming Corporation (NYSE: BYD) today reported financial results for the fourth quarter and full year ended December 31, 2019.

Keith Smith, President and Chief Executive Officer of Boyd Gaming, said: "Our diversified nationwide portfolio continued to generate strong results in the fourth quarter of 2019, as every segment of our business achieved growth in same-store revenues and Adjusted EBITDAR. In our Midwest & South region, strong same-store gains were complemented by exceptional performances at the recently acquired Ameristar and Belterra properties, which grew combined Adjusted EBITDAR at a double-digit pace while improving operating margins by more than 350 basis points. In our Las Vegas Locals segment, revenue growth remained consistent with trends we saw throughout the year, though EBITDAR growth slowed, primarily due to a difficult comparison to a strong fourth quarter of 2018. On the sports-betting front, our newly opened FanDuel Sportsbooks helped attract new customers to our properties in Pennsylvania, Indiana and Iowa. As we enter the new year, the underlying trends in our nationwide business remain strong, and we are confident in our prospects for 2020."

Boyd Gaming reported fourth-quarter revenues of \$833.1 million, up 5.2% from \$791.6 million in the fourth quarter of 2018. The Company reported net income of \$24.3 million, or \$0.21 per share, for the fourth quarter of 2019, compared to \$22.9 million, or \$0.20 per share, for the year-ago period. The Company's fourth-quarter 2019 pretax income was impacted by charges of \$34.2 million related to early extinguishments of debt. Project development, preopening and writedown expenses decreased \$10.4 million in the fourth quarter of 2019 versus prior year due primarily to the inclusion of acquisition-related expenses in the fourth quarter of 2018.

Total Adjusted EBITDAR⁽¹⁾ was \$227.6 million in the fourth quarter of 2019, up 9.1% from \$208.6 million in the fourth quarter of 2018. Adjusted Earnings⁽¹⁾ for the fourth quarter of 2019 were \$57.4 million, or \$0.50 per share, compared to Adjusted Earnings of \$37.0 million, or \$0.32 per share, for the same period in 2018.

Results for both the current and prior-year quarters include contributions from Ameristar Kansas City, Ameristar St. Charles, Belterra Resort and Belterra Park, acquired by the Company on October 15, 2018.

Operations Review

Las Vegas Locals

In the Las Vegas Locals segment, fourth-quarter 2019 revenues were \$223.9 million, up from \$222.6 million in the year-ago quarter. Fourth-quarter 2019 Adjusted EBITDAR was \$73.3 million, compared to \$73.0 million in the fourth quarter of 2018.

Fourth-quarter Adjusted EBITDAR reached its highest levels since 2005, slightly exceeding last year's strong operating performance, as segment margins exceeded 32%. While revenues grew in-line with recent quarters, Adjusted EBITDAR growth slowed due largely to a difficult comparison to a strong fourth quarter of 2018, when segment EBITDAR increased more than 13% and margins improved over 350 basis points.

Downtown Las Vegas

In the Downtown Las Vegas segment, revenues were \$69.6 million in the fourth quarter of 2019, rising from \$67.3 million in the year-ago period. Adjusted EBITDAR was \$19.6 million in the current period, up 6.5% from \$18.4 million in the year-ago quarter.

The Downtown Las Vegas segment achieved a quarterly Adjusted EBITDAR record for the fifth consecutive quarter. The Company's Downtown properties benefitted from ongoing growth in visitation throughout the downtown area, as well as continued strength in business volumes from the Company's Hawaiian customer segments.

Midwest and South

In the Midwest and South segment, revenues were \$539.7 million, up from \$501.8 million in the fourth quarter of 2018. Adjusted EBITDAR increased 11.1% to \$157.4 million, compared to \$141.8 million in the year-ago period. Prior-year Adjusted EBITDAR for the segment included a favorable property tax benefit of \$2.7 million at Kansas Star.

Results reflect strong same-store revenue and Adjusted EBITDAR growth throughout the segment. Additionally, the newly acquired Ameristar and Belterra properties posted strong operating performances, growing combined Adjusted EBITDAR by 14% while improving operating margins by more than 350 basis points over their standalone results in the prior year.

Full-Year 2019 Results

For the full year ended December 31, 2019, Boyd Gaming reported revenues of \$3.33 billion, compared to \$2.63 billion for the full year 2018. Total Adjusted EBITDAR for the full year 2019 was \$896.7 million, up from \$681.3 million for the full year 2018. Full-year 2019 net income was \$157.6 million, or \$1.38 per share, compared to \$115.0 million, or \$1.00 per share, for the full year 2018.

The Company's full-year 2019 pretax income was impacted by charges of \$34.9 million related to early extinguishments of debt. Project development, preopening and writedown expenses decreased \$24.0 million in the full year 2019 versus 2018 due to the prior-year inclusion of acquisition-related expenses and the launch of the Company's redesigned player loyalty program.

Full-year 2019 Adjusted Earnings were \$203.6 million, or \$1.79 per share, up from Adjusted Earnings of \$152.9 million, or \$1.33 per share, for the full year 2018.

Results for the full year 2019 include contributions from Ameristar Kansas City, Ameristar St. Charles, Belterra Resort and Belterra Park, acquired on October 15, 2018; Valley Forge Casino Resort, acquired on September 17, 2018; and Lattner Entertainment, acquired on June 1, 2018.

Balance Sheet Statistics

As of December 31, 2019, Boyd Gaming had cash on hand of \$250.0 million, and total debt of \$3.81 billion.

Full-Year 2020 Guidance

For the full year 2020, Boyd Gaming projects total Adjusted EBITDAR of \$915 million to \$935 million.

Non-GAAP Financial Measures

Regulation G, "Conditions for Use of Non-GAAP Financial Measures," prescribes the conditions for use of non-GAAP financial information in public disclosures. We believe that our presentations of the following non-GAAP financial measures are important supplemental measures of operating performance to investors: earnings before interest, taxes, depreciation and amortization (EBITDA), Adjusted EBITDA, EBITDAR (EBITDA further adjusted for rent expense associated with a master lease), Adjusted EBITDAR, Adjusted Earnings and Adjusted Earnings Per Share (Adjusted EPS). The following discussion defines these terms and why we believe they are useful measures of our performance. We do not provide a reconciliation of forward-looking non-GAAP financial measures to the corresponding forward-looking GAAP measure due to our inability to project special charges and certain expenses.

EBITDA, Adjusted EBITDA, EBITDAR and Adjusted EBITDAR

EBITDA and EBITDAR are commonly used measures of performance in our industry that we believe, when considered with measures calculated in accordance with accounting principles generally accepted in the United States ("GAAP"), provide our investors a more complete understanding of our operating results before the impact of investing and financing transactions and income taxes and facilitates comparisons between us and our competitors. Management has historically adjusted EBITDA and EBITDAR when evaluating operating performance because we believe that the inclusion or exclusion of certain recurring and non-recurring items is necessary to provide a full understanding of our core operating results and as a means to

evaluate period-to-period results. We refer to this measure as Adjusted EBITDA or Adjusted EBITDAR. We have chosen to provide this information to investors to enable them to perform comparisons of past, present and future operating results and as a means to evaluate the results of core on-going operations. We have historically reported these measures to our investors and believe that the continued inclusion of Adjusted EBITDA and Adjusted EBITDAR provides consistency in our financial reporting. We use Adjusted EBITDA and Adjusted EBITDAR in this press release because we believe this information is useful to investors in allowing greater transparency related to significant measures used by our management in their financial and operational decision-making. Adjusted EBITDA and Adjusted EBITDAR are among the more significant factors in management's internal evaluation of total company and individual property performance and in the evaluation of incentive compensation related to property management. Management also uses Adjusted EBITDA and Adjusted EBITDAR as measures in the evaluation of potential acquisitions and dispositions. Adjusted EBITDA and Adjusted EBITDAR are also used by management in the annual budget process. Externally, we believe these measures continue to be used by investors in their assessment of our operating performance and the valuation of our company. Adjusted EBITDA reflects EBITDA adjusted for deferred rent, share-based compensation expense, project development, preopening and writedown expenses, impairments of assets, loss on early extinguishments and modifications of debt and other operating items, net. Adjusted EBITDAR reflects Adjusted EBITDA further adjusted for rent expense associated with a master lease with a real estate investment trust.

Adjusted Earnings and Adjusted EPS

Adjusted Earnings is net income before project development, preopening and writedown expenses, impairments of assets, other items, net, gain or loss on early extinguishments and modifications of debt, other non-recurring adjustments, net, and income from discontinued operations, net of tax. Adjusted Earnings and Adjusted EPS are presented solely as supplemental disclosures because management believes that they are widely used measures of performance in the gaming industry.

Limitations on the Use of Non-GAAP Measures

The use of EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures has certain limitations. Our presentation of EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS or certain other non-GAAP financial measures may be different from the presentation used by other companies and therefore comparability may be limited. Depreciation and amortization expense, interest expense, income taxes and other items have been and will be incurred and are not reflected in the presentation of EBITDA, Adjusted EBITDA, EBITDAR and Adjusted EBITDAR. Each of these items should also be considered in the overall evaluation of our results. Additionally, EBITDA, Adjusted EBITDA, EBITDAR and Adjusted EBITDAR do not consider capital expenditures and other investing activities and should not be considered as a measure of our liquidity. We compensate for these limitations by providing the relevant disclosure of our depreciation and amortization, interest and income taxes, capital expenditures and other items both in our reconciliations to the historical GAAP financial measures and in our consolidated financial statements, all of which should be considered when evaluating our performance.

EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures are used in addition to and in conjunction with results presented in accordance with GAAP. EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures should not be considered as an alternative to net income, operating income, or any other operating performance measure prescribed by GAAP, nor should these measures be relied upon to the exclusion of GAAP financial measures. EBITDA, Adjusted EBITDA, EBITDAR, Adjusted EBITDAR, Adjusted Earnings, Adjusted EPS and certain other non-GAAP financial measures reflect additional ways of viewing our operations that we believe, when viewed with our GAAP results and the reconciliations to the corresponding historical GAAP financial measures, provide a more complete understanding of factors and trends affecting our business than could be obtained absent this disclosure. Management strongly encourages investors to review our financial information in its entirety and not to rely on a single financial measure.
